Dear Class,

Today we'll listen together to a story about a skillful person who has a lovely garden.

Dear Class,

Let's take a family poll. Who has a baby brother or sister? Who has other brothers or sisters? Who is an only child? Maybe we can compare our results with another class.

Dear Class,

Do you ever eat second helpings? In today's story, one animal eats more than that. This story is sure to make you laugh.

Day 4

The bears put their heads down and drank with slurping sounds.

They made growling sounds when they couldn't break or divide the cheese.

Day 5

We began the week by hearing the story about the pumpkin. We read a second story about two bears. Which story did you like better?

Theme 10 Week 2 Day 1

There is an old saying that two heads are better than one. What do you think that means?

Day 2

What if you were with the traveler when he began to make a second pot of stone soup? What would you put into the soup?

Day 3

Dear Class,

I have a large problem for you to solve. Can you help me put these words in ABC order?

begin, above, against, park, card

Day 4

Today we'll take a few minutes to reread a story. You have already read about Nathan and what he caught. What was it?

Day 5

Dear Class,

Start the day by being Describing Word Stars! Think of things that smell sweet, taste salty, and feel sharp.

It's never a good idea to brag too loudly about yourself! In a few minutes, you'll find out what happens to a rabbit who brags too much.

Day 2

Dear Class,

Tell me what you think. Which is cuter, a puppy, or a kitten? Which subject in school is the hardest? Which TV show is the funniest?

Day 3

What are your thoughts about giving a present to a friend? What kinds of presents do you like to give to others?

Day 4

Now that you are older, you are able to do easily some things that were harder to do when you were younger.

Day 5

Dear Class,

Look again at the pictures on page 223. Both frogs and toads have big eyes and webbed feet, don't they?
